# ALONG THE GARDEN PATH

PRINTED SEVERAL TIMES A YEAR BY AUGLAIZE GARDENS AT VAN WERT, OHIO

VOL. II

SUMMER 1933

NO. 2

## RIGHT NOW — is the BEST time to make your Peony selections » » »

This issue of "Along the Garden Path" should reach you just before or during the peony blooming season. And it is now, while peonies are in their full glory of bloom, that you should make your selection of the peonies you want to plant.

If you can not possibly visit Auglaize Gardens, go to some Peony Garden near you where the various peony varieties are carefully marked for identification. Here you will see certain peonies that will appeal to you more than others and you can make a list of the types you prefer.

Whether you purchase your peonies from Auglaize Gardens, or others, be sure your peony divisions are disease free, that they are cut from plants not more than three years old and that the divisions contain from 3 to 5 MAJOR EYES with sufficiently generous roots to support their active growth.

It is false economy to purchase small divisions with small straggly roots that will take years to establish themselves after planting. Take this friendly advice from one who knows—that it is far better to purchase one or two good, strong, healthy 5-eye divisions than to purchase a dozen smaller poorly rooted, none too healthy divisions for the same money.

You'll be better satisfied every time to purchase divisions such as the Exhibition quality 5-eye divisions offered by Auglaize Gardens. These strong, generous, healthy roots easily withstand the shock

of transplanting and grow to maturity from a year to two years sooner than the smaller roots.

If you find it impossible to visit Auglaize Gardens, or a Peony Garden near you, we shall be glad to assist you in making your selection—choosing those peonies that will best meet your own individual requirements.

In selecting peonies, we practically always suggest a combination of early, mid-season and late blooming varieties. There are many very beautiful peonies to be had in each of the three blooming periods and when plantings are made to cover all three periods, you are, of course, assured of the maximum peony blooming season.

We are departing from our usual practice in that this issue of our bulletin is devoted almost exclusively to prices. So please keep this issue for further reference at the time you place your order. Other issues of "Along the Garden Path" will be mailed to you during the summer and fall, but make your peony selections NOW, while peonies are in the very midst of their gorgeous beauty.

*A peony field at Auglaize Gardens.*

# 1933 — PRICE LIST — 1933

## ORIENTAL POPPIES

We quote prices on two sizes of roots, two-year roots which are strong field grown roots, all of which have bloomed for us and which will have several crowns and produce a number of flower stalks the first year after planting—and one-year roots which are smaller, but will bloom the first year after planting. We do not supply pot rooted cuttings.

	EACH
<i>Australia</i> —A large massive flower of oxblood red, carried on a heavy stem. 1 yr.....	\$ 2.50
<i>Edna Perry</i> —A bright lovely pink flower, opening a little later than Mrs. Perry. A vigorous grower. 2 yr.....	1.00
<i>Flanders</i> —Deep crimson, almost oxblood red. 2 yr.....	1.00
<i>Grossfurst</i> —Deep crimson and coal black spot. 1 yr.....	1.00
<i>Harmony</i> —A distinct deep rose color with lavender cast. Very unusual. 1 yr.....	2.50
<i>Henri Cayeux</i> —Old rose with a dark cast giving an almost lavender effect. 1 yr.....	2.00
<i>Hercules</i> —A flame red four petaled flower of immense size. 1 yr.....	1.00
<i>Jeanne Mawson</i> —A fine large peach pink that is very satisfactory. 2 yr.....	2.50
1 yr. ....	1.75
<i>King George</i> —A large scarlet lacinated flower of good size and pleasing color. 2 yr.....	2.50
1 yr. ....	1.75
<i>Lord Lambourne</i> —A fire red color and lacinated flower, which always stands out. Finely divided foliage, vigorous grower. 2 yr.....	1.50
1 yr. ....	1.00
<i>Lula A. Neeley</i> —Beyond question the finest red poppy grown today and not surpassed by any other for clarity of color, freedom of bloom and good habit of the plant. A good cut flower. 2 yr.....	1.50
1 yr. ....	1.00
<i>Mahony</i> —Dark mahogany, has a tendency to fade in the sunlight after opening. 2 yr...	1.50
1 yr. ....	1.00
<i>Mandarin</i> —A true Chinese red of good size and fine substance. Vigorous grower. 2 yr.	2.00
1 yr. ....	1.35
<i>Masterpiece</i> —A lilac pink flower of good size, quite different from most other poppies. It has the unfortunate habit of not opening well and of fading when exposed to sunlight. 2 yr.....	1.50
1 yr. ....	1.00
<i>Mrs. Perry</i> —A popular salmon pink of good form and is a vigorous grower. 2 yr.....	1.00
<i>Perry's Blush</i> —The best of the white or near white poppies. Its coloring could be termed ashy white. It has a stiff stem and is a good grower. A much more reliable flower and better grower than Perry's White, which it closely resembles. 1 yr. ....	5.00
<i>Proserpine</i> —A fine cerise flower which when well grown very much resembles Wuertembergia, but lacks the substance and clear color of the latter and does not weather as well. 2 yr.....	1.00
<i>Silver Queen</i> —A dwarf plant for the front of the border, 18 inches high. Silver white in color and a good grower. 1 yr.....	5.00

# ALONG THE GARDEN PATH

*Trilby*—The last of the poppies to bloom. Deep rich red, the petals are plaited. True stock is scarce and errors are often found in the stock frequently offered. 2 yr. 3.00  
1 yr. .... 2.00

*Wunderkind*—Vigorous grower of rose cast. New. 1 yr..... 1.50

*Wurtembergia*—With the exception of Cavalier, this is probably the largest of all poppies; flowers are often 11 inches across. The color is cerise scarlet with a black blotch. Has always been an outstanding poppy. 2 yr..... 2.00  
1 yr. .... 1.35

## THE NEW NEELY INTRODUCTIONS

These varieties represent some of the more recent varieties produced by Dr. Neeley and we feel in each and every case they are either distinctive in themselves from any varieties now in commerce, or are a very marked improvement over other varieties somewhat similar, so that their introduction is warranted. We believe that every plant in this group will when better known become a great favorite in its particular class. The plants are strong but are not as large in size as those offered above. We reserve the right to limit the number of plants to a customer in this group and offer all stock subject to prior sale. The prices of this group are net and not subject to any discounts whatsoever.

EACH

*Cavalier* (Neeley)—Cerise, somewhat similar in color and form to *Wurtembergia*, but a larger flower and lasts longer. The flower is wonderfully formed of remarkable substance, is carried on a long stiff stem. An outstanding poppy in the red class.....\$20.00

*Echo* (Neeley)—This poppy is quite different from other pink poppies and is very attractive. The color is a light silvery pink with a light maroon blotch..... 20.00

*Enchantress* (Neeley)—The color of this wonderful poppy is a soft lilac rose and by some observers might be termed lavender. *Enchantress* is a seedling of *Masterpiece*. It is as distinctive in color as its parent, but always opens perfectly, does not fade as quickly and is just a little deeper in color. It has none of the faults of *Masterpiece* and all of its good qualities. *Enchantress* is a distinct improvement in poppies of this type and will prove extremely popular..... 20.00

*June Delight* (Neeley)—A large, bright silvery pink flower, the color of which improves with age. This plant is so outstanding among the pink poppies that even greater popularity is predicted for it than the famous *Lula A.* Neeley, Dr. Neeley's best known variety. It is perhaps the best and most conspicuous poppy which he has introduced..... 30.00

*Purity* (Neeley)—A beautiful soft pink without spots or blemishes. It is of medium size and of unusual charm. Its color will blend to good advantage with most other flowers ..... 15.00

# ALONG THE GARDEN PATH

## AUGLAIZE PEONIES

The prices quoted below are for strong, healthy 5-eye Auglaize Garden divisions, with generous, well-balanced root systems, cut from three year old plants. We can also supply one year old plants of many varieties at the same price, if you prefer this size of plant. Large plants for immediate effect will be quoted upon request. The arrangement in the list is as follows: First, the rating as given by the American Peony Society. Second, the name of the variety. Third, in parenthesis, the originator's name. Next comes the color, then the season of bloom (early, mid-season or late) and last the price.

## DOUBLE PEONIES

8.8	Addielanchea (Brand), pure white, M .....	\$ 3.00
8.6	Albert Crousse (Crousse), rose pink, L .....	1.00

	White Lady (Kelway), white, M.....	10.00

## T E R M S

*Shipping Season.* PEONIES: After September 1st until the ground is frozen. Early planting is advised and stocks are usually complete at that time. ORIENTAL POPPIES: From August 15th to October 1st. The poppy makes a leaf growth in the fall and should become somewhat established before winter.

*Prices.* Prices quoted are net per plant; six plants of a single variety at five times the price of one; 10% discount on orders of \$25.00 and over. Prices include packing charges. This catalog supersedes all previous price lists and quotations. These discounts do not apply to the new Neeley Poppies.

*Transportation Charges.* Because of the reduction in prices, it is no longer possible for us to furnish the generous size roots, which we wish to give our customers, and prepay the transportation charges. Rather than to prepay the charges and reduce size, we feel we prefer to maintain our quality, therefore, we have discontinued our former practice of prepaying the transportation charges. All prices in this bulletin are f. o. b. Van Wert, Ohio. The orders will be shipped by express, collect, unless you

request us to ship by parcel post, which we will be glad to do if you will include 10% extra to cover parcel post charges. Any excess amount paid for charges will be refunded.

*Terms.* We carry no retail accounts, so please send remittance with your order. We reserve stock if one-third of the amount of the purchase accompanies the order, the balance to be paid before delivery. We do not ship C. O. D. Concerning our own responsibility we refer you to the Van Wert National Bank of Van Wert, Peoples Bank of Delphos, Ohio, or Dun & Bradstreets.

*Guarantee.* We guarantee all stock to be true to name and will replace any plants that prove otherwise. We do not, however, guarantee stock to grow, as we have no control over after treatment or weather conditions. All claims must be made at once on receipt of stock. Full planting instructions with each shipment.

*Substitution.* We do not substitute unless requested, and will at once refund any remittance covering an order which we cannot fill.

Member American Peony Society.
